“

"I chose AVC because their radiology program is one of the best you can get into! Plus, the professors are super helpful and push you to do your best."

— Ron S., AVC Student

The Future is Bright!

With demand for skilled, career-educated professionals growing faster than ever, there has never been a better time to get a future-focused degree from Antelope Valley College!

48.9%

of AVC students are the first in their family to attend college.

Number of Strong Workforce Stars AVC earned for excellence in career education.

More Education = Lower Unemployment + Higher Wages

According to the US Department of Labor

65% of all future jobs will require more education than a high school diploma.

According to the National Skills Coalition

The AVC Radiologic Technology department boasts a 100% job placement rate among graduates!

AVC prepares students for national and state certification exams in general radiology and fluoroscopy!

+1200

Radiologic Technology jobs are increasing in California by over 16% a year—that's an average of 1,290 new jobs annually!

Seeing is Believing

According to the U.S. Department of Labor, Radiologic Technologists enjoy an average salary of \$79,250 in California. More importantly, their work matters! As a member of an allied health team, Radiologic Technologists (or radiographers) provide critical diagnostic services to those with serious illnesses and injuries.

AVC's Radiologic Technology degree is a full-time, 2-year program that gives students the real-world training they need to quickly enter the field as a radiologic technologist. AVC students learn about human anatomy, examination techniques, radiation safety, basic patient care, as well as how to use the latest, state-of-the-art diagnostic imaging equipment to detect injury, diagnose disease, and treat illness.

To top it off, Radiologic Technology's 100% job placement rate means that finding a secure and well-paying career couldn't be easier! If you're ready for a challenging but fulfilling career on the front lines of healthcare, a degree in Radiologic Technology might be for you!
