13.2 Classification/Reclassification Definitions

 13.2.1 <u>Classification</u>- Means that each position in the classified service shall have a designated title, a regular minimum number of assigned hours per day, days per week, and the months per year, a specific statement of the duties required to be performed by the employees in each such position, and the regular monthly salary range for each such position. (California Education Code, Section 88001).

 13.2.2 **Reclassification**- Means the upgrading of a position to a higher Classification as a result of the gradual increase of the duties being performed by the incumbent in that position. (California Education Code, Section 88001).

13.3 Classification/Reclassification Purpose

 The District and the Federation believe it is important to maintain a fair equitable Classification system. Because duties and responsibilities change over time, the parties have agreed to the following system to upgrade and recognize changes that take place. When the District creates a new position or proposes to change the content of a vacant job description (as a result of the procedures outlined below or as a result of annual Reclassification updates), the proposed revised job description shall be sent to the Federation prior to being sent to the Board of Trustees, within fifteen (15) calendar days or less by mutual agreement for the Federation to review and approve of the proposal and meet and confer, if the Federation chooses.

2) Decisions regarding classification/reclassification shall be based on substantial and permanent changes in the level of duties and responsibilities of the position assigned by the District.

The Classification and Reclassification of positions are processes that are implemented to ensure that positions with similar level of duty and responsibility are accorded similar levels of compensation, thus ensuring equity amongst staff. It entails an understanding of the relationship of a specific job to other jobs in the District and to the District's overall goal, as well as to other agreed upon Districts with similar criteria. Any modifications are subject to review and shall be mutually agreed upon by the Federation and the District.

Any requests from the District to the applicant or requests 140 from the Federation to the supervisor shall copy the other members of the other committee. Written responses to information requests shall be provided concurrently to both 141 142 committees. When an interview with the applicant or applicant's supervisor is necessary to 143 obtain additional information, PCT shall coordinate scheduling with representatives from 144 each committee to ensure that no more than one (1) interview is necessary, from which both 145 committees receive the same information from the applicant and/or supervisor. 146 2) On or before April 1, March 1st, after completing review of the reclassification requests, the 147 committees shall exchange ratings, recommendations and other relevant information, and 148 149 shall review the recommendations advanced by their counterparts. 150 151 3) If one or both committees recommends against the reclassification or recommends in favor 152 of a different reclassification than requested by the applicant, the committees shall notify 153 the applicant, provide the explanation for the negative recommendation, and provide the 154 applicant with an opportunity to respond in writing with additional information or 155 documentation by April 7. 160 before May 1, with the intent of producing a written determination to the employee on or 161 before May 15 April 15. 162 163 5) When the recommendations of the District and Federation committees are not in 164 agreement, two (2) representatives from each committee shall meet remotely or in person 165 to discuss the differences in recommendations and attempt to reconcile the committee 166 recommendations. Any unanimous recommendations arising from this meeting shall be forwarded to the Superintendent/President on or before May 1, with the intent of producing 167 168 a written determination to the employee on or before May 15 April 15. 169 170 6) If the Superintendent/President denies a reclassification request or makes a negative 171 determination, or if the recommendations of the committees cannot be reconciled, the 172 reclassification requests shall be forwarded to the Federation and District for negotiations. 173 174 The Classification/Reclassification Review Committee is responsible for the initial 175 recommendations for the classification/reclassification of positions within the bargaining unit to ensure greater equity and consistency. The Committee shall use the Kuhn and Associates Grid, or 176 177 a similar grid, to score candidates, with the District providing access to these materials for the 178 Committee. The District will also provide input to the committee throughout the process. The 179 committee and the President must support the recommendations. Members of the 180 Classification/Reclassification Committee shall include: 181 182 Vice President of Human Resources or designee (ex-officio). 183 184 4 classified representatives (appointees of the Federation/voting). 185 186 1 representative from the Classified Confidential/Management/Supervisory 187 unit (ex-officio). 188 189 1 alternate classified representative (non-voting). 190 191 The Federation will appoint a classified representative to Chair the Committee. The committee will be co-chaired by 1 classified member and the Vice-192 193 President of Human Resources or designee, the classified chair will rotate every 194 two years. 195 196 The members of this committee will be appointed for staggered three (3) year terms. 197 198 The incumbent members of the Classification/Reclassification Committee shall-199 provide training to all newly appointed members of the committee. 200 201 13.6 Process Qualified Employees- Whenever permanent and substantial changes have occurred 202 since a position was last classified, a review of the position is appropriate. While there are many 203 desirable qualities for employees to have that should be recognized, reclassification is based upon 204 the duties assigned to a position, not the qualifications of the incumbent. Put simply, the position is 205 classified, not the person holding such position. Justification criteria: the sudden or gradual increase 206 of duties, knowledge, skills, or responsibilities, being performed by the incumbent in that position 207 is justification for Reclassification. Significant and on-going changes in the nature, variety and 208 complexity of duties, supervision received, or supervision exercised may indicate the need for a 209 Reclassification review. 210 211 13.7 Non-qualifying classification/reclassification criteria

212

distinction. Examples of person-related factors that are not taken into consideration when 215 classifying a position include: 216 217 **Longevity-** The fact that an employee has reached the top step in the pay scale is not a 218 factor in Reclassification. 219 220 Future Projects- Reclassification of duties being performed is appropriate, not of those that might be added to a job down the line. As such, Reclassification requests must be 221 delayed until new projects or assignments have officially begun. 222 223 224 Financial Need- The Reclassification process cannot take personal financial conditions 225 into consideration. 226 Workload- Employee feeling overwhelmed by their workload is no justification for 227 228 reclassification. 229 Retention- The possibility of losing an employee cannot be considered in Reclassification 230 decisions. 231 232 Performance/Dedication- Commitment and enthusiasm should be recognized, however it 233 is not justification for Reclassification. 234 235 Personality- The District and Federation encourage employees to be pleasant, Patient, and 236 helpful, however, these qualities cannot be recognized the Reclassification process. 237 238 **Promotion-** Over time, employees might grow and gain new skills within their current position and be ready to take a step to a new level of responsibility, but their job does not 239 240 warrant a Reclassification. 241 Education- Achieving a higher level of education and/or training during tenure in a 242 243 classification does not warrant a Reclassification. 244 245 13.8 Application 246 247 The job classification/reclassification application will be available from Human Resources and/or the Federation. 248 249 250 For the annual reclassification review, the employee will submit the application to 2) the Human Resources Offices and their immediate supervisor electronically or hard 251 copy by the deadline, please make sure to keep a copy for your records. 252 253 254 The supervisor will make comments and review with the employee before submitting the application to the Office of Human Resources and the union president 255 256 electronically or hard copy by the established deadline. However, the employee has 257 the right to submit an application for Reclassification whether it is supported by the 258 supervisor or not. A supervisor cannot change or require the employee to change the 259 employee's responses on the application. The employee and management must adhere to strict processing timelines for requests as defined during the study. The supervisor 260 261 will make a copy of the request for the employee. 262

Upon receipt of the application, Human Resources will formally acknowledge by

returning an acknowledgement email.

The most common misconception about Reclassification revolves around the person-position
