2012-2013
Academic Policies & Procedures Committee Meeting No. 12
MINUTES

1. CALL TO ORDER AND ROLL CALL

2. OPENING COMMENTS FROM THE COMMITTEE CO-CHAIR

Linda Harmon requested that committee representatives notify their department faculty of the importance of revising the course outline of record for those courses that are due this coming academic year. She encouraged the committee to have faculty revise the information in CurricUNET during this spring term so that courses are ready for AP&P review and approval at the early part of fall term. She noted that ESL has all their courses reviewed, revised and ready for approval, and Nursing has half of theirs at this stage in CurricUNET. These courses along with any others moving through the review process now will be ready for AP&P approval in September.

Sharon Lowry reported that at the CIO conference she attended last week, the major topic for this group is the TMCs, and how we are doing on the adoption process. It appears that we are doing well from the standpoint that all C-IDs have been submitted by our articulation officer. We have some that have been accepted, and some partially accepted. Those that were denied, we need to be working on the necessary revisions within CurricUNET so approval can be granted after our local process is complete. Mrs Lowry noted that the Chancellor's office is operating on the C-ID identifiers as if they're approved. Next year, that will change, and we will have to prove C-ID approval prior to approval of the TMC degree at the state level. Mrs. Lowry said there has been a proliferation of new courses that went to the Chancellor's office for approval. They were quite upset about this since the implementation of the TMC and the changes to repeatability were not to be seen as an opportunity for people to open the flood gates to offer all the courses that are on the books. It is not against state guidelines to develop necessary courses but it is up to each district to determine if the course developments are appropriate. The Chancellor's office is being inundated with calls, and Mrs. Lowry suggested that faculty check with the AP&P co-chairs before calling the Chancellor's office directly.

The draft of repeatability came out on March 15, and committee members will be provided with a copy. Changes are being thrust upon us so quickly and we need to be more nimble in reaction to some of the changes.

Dr Cowell asked if we could consider courses that are not part of the TMC in the spring, and Mrs. Lowry said the decision to not read courses during the spring term has to do with the catalog deadlines. Dr. Grishman said we should have more latitude but if there is a catalog issue, they need to come through in the fall. You need to get it in as quickly as you can to get it in CurricUNET. It is imperative to our students to do that.

Dr. Cowell asked how we go about amending the process to allow those courses that require C-ID approval to be read during the spring term. Mrs. Harmon said if the committee agreed then we could do it. It should be up to us to come up with the timeline. A motion was made and seconded to close the discussion and make this item an action item.

Dr. Grishman said we need more discussion and would like to see an addendum to the catalog put online. We are not talking about new courses to allow the TMC to meet the requirement of the state, but courses that are already on the books that need slight modifications to meet C-ID requirements. Dr. Grishman suggested that we process

those right through because the changes do not impact the catalog. Motion carried. Item will be 13(c) on the agenda: Timeline Spring Courses Approval Process.

Fredy Aviles said that they are working on a revision process and sent an email they wanted to add language to the approval process. We can do that, and it will be an action item at this meeting.

b. Repeatability – MUS and MUSC Establishing Course Families

Ms. Harmon indicated that those programs that have changed their CORs to include repeatability need to identify if courses are part of a family or group of courses that have similar activities. We want to make sure that all the families are set up in the catalog and if not, we should get them done that way. Sharon Lowry said the Chancellor's office said there must be a logical progression among courses. Objectives have different levels and the same description and same objectives are in the family.

Mrs. Lowry said these changes have to be in place for summer because of pre-season, before classes start in the Fall. It will disadvantage our students for this year if not implemented. When they audit us, they're going to want to see how we are doing this. Units will change from 2.0 to variable units (.5 to 2.0) for KIN 175.
