Comments: The use of your course work from other institutions is ONLY based upon the academic goal delineated on this plan. If you change your goal, major, or transfer institution, the use of these courses may change. **Minimum Number of Units Required for Transfer: 60.** Excessive units may jeopardize transfer and financial aid eligibility. Apply to transfer one year prior to finishing all transfer requirements. Transfer General Education requirements can change every year. Update your educational plan yearly. Apply for the Transfer General Education Certification at the Transcripts Office when you request your transcripts to be officially send to your transfer institution. Only the most recent grade will be used in calculating the grade point average for repeating a course due to a substandard grade.
